

At the Heart of It

Drs. Foster & Smith Educational Staff

Hearts may differ in size, but they still perform the same function-pumping blood. Try matching the heart-related word or characteristic on the left with the correct answer on the right. Each answer is used once. And a hearty good luck to you!

- | | |
|--|---|
| 1. Atrium | A. Enlargement of the heart |
| 2. Cardiomegaly | B. Inflammation of the muscle of the heart |
